

Space:Maker Strongline™

Sliding Wardrobe Door system

Australian
Design Award

Space:Maker Strongline™
This quality product represents
a variation of the Australian
Design Award-winning

Space:Maker Softline™
Sliding Wardrobe Door System.

Independent specialists have carefully assessed it
against 42 design factors covering:

- Performance • Maintenance • Value • Ease of use
- Durability • Appearance • Safety • Construction

The Australian Design Award recognises
well-designed products of International Standard.

STANDARDS AUSTRALIA 

Proudly Australian made and exported

Features

- round, modern appearance
- concealed concave 41mm diameter rollers and brackets for quiet operation and ease of adjustment
- anti-jump device prevents door panels from jumping off the track
- matching infill buffers on grip stile.
- continuous finger grip on all panels
- solid bottom rail facilitating a fully concealed roller assembly
- 10-year guarantee on frame and components
- **Space:Maker Strongline™** represents a variation of the Australian Design Award-winning **Space:Maker Softline™** Sliding Wardrobe Door System.

Design Flexibility

Made to suit your individual requirements.

Space:Maker Strongline™ wardrobes are suitable for either wall to wall or corner return installations. Constructed from high quality aluminium extrusions, **Space:Maker Strongline™** is designed to suit most situations and ceiling heights up to three metres. The continuous finger grip on all door panels provides additional strength and ease of use.

Exceptional Value

Indulge your imagination and create an absolutely premium wardrobe design at a surprisingly affordable price.

Safety

Space:Maker Strongline™ Sliding Wardrobe Door System is glazed to comply with the requirements of Australian Standards AS 1288 and AS 2208.

Product Guarantee

Space:Maker Strongline™ components and frames carry a 10-year guarantee when used under normal operating conditions.

Solid Bottom Rail

Together, the solid bottom rail and robust track provide strength and durability, producing a smooth sliding operation.

Modern Contoured Cushioning

Matching infill buffer with grip stile eliminates metal-to-metal contact and gives **Space:Maker Strongline™** a smooth, modern contoured appearance.

Perfectly Secure Panels

An anti-jump feature, which is incorporated in the head channel spacers, ensures the panels cannot jump the track and provides quiet rattle-free operation. **Space:Maker Strongline™** represents a combination of the most desirable features of the Australian Design Award-winning **Space:Maker Softline™** and the original **Space:Maker Classic™** Sliding Wardrobe Door System.

Robust Bottom Track

Space:Maker Strongline™ features a robust, raised track design which neatly accommodates the concealed concave roller mechanism, providing a consistently stable and smooth sliding operation.

Panel Variety

Space:Maker Strongline™ is available in clear or tinted anti-shatter, safety-backed mirror panels, plus a wide range of wood grain or vinyl finishes. Plain panels for painting or wallpapering are an alternative for the do-it-yourself enthusiast.

Concealed Concave Roller

Large diameter concave rollers and strong galvanized metal adjustment brackets, which are fully concealed, ensure quiet operation and allow for out of square adjustment to be made with the turn of a screwdriver.
