DIAS™ Luxe

PREMIUM COLOUR RANGE

Premium Appearance

Dias™ Luxe Premium Colour Range has been designed to complement to the highest standard, an extensive range of luxury bathroom materials and fittings, enhancing the latest trends in contemporary bathroom design.

Dias™ Luxe colours are created with a high quality durable anodised finish, further defining premium in every way.

Exceptional Value

Indulge your imagination and create an absolutely premium bathroom design at a surprisingly affordable price.

Shower System Compatibility

Dias™ Luxe Premium Range Colours are currently available in extrusions and components compatible with our Vogue 5050™ and Mirage 3050™ Shower Screen Systems.

Dias™ Luxe is also available in a range of frameless wall channels suitable for the fabrication of 10mm shower screen systems.

Bright Gold Satin

(product code: BGS)

Dias™ Luxe Bright Gold Satin enriches any environment with its timeless luxury tone. This sleek and beautiful modern twist on a classic finish, takes bathroom space styling to the next level.

Bright Nickel Satin

(product code: NIC)

Dias™ Luxe Bright Nickel Satin provides ultimate premium appeal with refined elegance. This naturally warm colour depicts a high-quality contemporary look, designed to enrich any bathroom décor with the benefit of never going out of style.

Bright Bronze Satin

(product code: BBS)

Dias™ Luxe Bright Bronze Satin is a perfect option to complement or contrast a wide range of natural bathroom materials and fittings. This modern and fashionable colour is guaranteed to enhance any bathroom appearance.

Handle Selection

SEGFP Grooved Finger Pull Handles and SESQFP Square Finger Pull Handles are available in a range of colours to provide colour co-ordination with Dias™ Luxe colour extrusions.

Frameless Patented Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a captive stainless steel pivot pin, the Vogue 5050™ and Mirage 3050™ Shower Screen Systems feature a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble free operation.

FPCS Frameless Pivot Clamps and SQFPCS Square Frameless Pivot Clamps are available in a range of colours to complement Dias™ Luxe colour extrusions.

Glass Specification

Vogue 5050™ and Mirage 3050™ Shower Screen Systems have specifically been designed for use with 6mm toughened glass which complies to Australian Standards AS2208.
